Label Applicators  
**HERMA** Label Dispenser

## Label Application

Don't choose between speed, precision, usability and reliability  
**with the HERMA Label Dispenser, you can have it all**

The Herma label dispenser label applicator has a strong motor, the standard reel holder and the robust built make the HERMA fix a perfect compact dispenser for manual labelling. Easily expandable with a direct product jig and a hot-foil printer. This user-friendly, low-maintenance, wide-spread solution is proven even under industrial conditions. This dispenser is based on our successful model HERMA basic and of course also comprises its integrated operator display

**user-friendly, low-maintenance  
wide-spread solution**

## What is a label dispenser?

Label dispensers and label applicators are machines built to simplify the process of removing a label from its liner or backing tape. Some are bench-top for dispensing the labels while others include the application of the label to the item

### What The Label Looks Like

### Ideal For These Application Types

### Practical, efficient, and easy labelling

Ideally suitable for label reels with an outer diameter of up to 12"/300 mm  
and a core of 3"/76 mm

## Key Benefits

- ▶ Practical, efficient, and easy labelling
- ▶ Faster and more convenient
- ▶ Fits In Small Spaces
- ▶ Tried and tested under industrial conditions

### More Incredible Technology from the J-Pak Herma coding and marking product range
