

Handheld TIJ Printer

Coding & Marking Equipment • Thermal InkJet

The Power of TIJ In The Palm Of Your Hand

Handheld thermal inkjet printing has never been so easy and affordable, until now. The J-Pak handheld TIJ is a mobile high-definition thermal inkjet printer printing at 600DPI with an impressive speed of 70 meters per minute delivering a quality print to a variety of substrate surfaces almost instantly

No more using labels or label applicators. With the easy to use interface you can get things done quickly and efficiently. The J-Pak handheld TIJ can print a diverse range of different barcodes and even logos. The dual thermal inkjet printhead creates between 12mm - 50mm print height

Tired of Applying Labels? Print straight onto any substrate
